## HOMEMADE MARSHMALLOWS

3 packages unflavored gelatin  
1-1/2 cups granulated sugar  
1 cup light corn syrup  
1/4 teaspoon kosher salt  
1 tablespoon pure vanilla extract  
Confectioners' sugar for dusting

Combine the gelatin and 1/2 cup of cold water in the bowl of  
an electric mixer fitted with the whisk attachment and allow to  
sit while you make the syrup.

Meanwhile, combine the sugar, corn syrup, salt, and 1/2 cup  
water in a small saucepan and cook over medium heat until  
the sugar dissolves. Raise the heat to high and cook until the  
syrup reaches 240 degrees on a candy thermometer. Remove  
from the heat. With the mixer on low speed slowly pour the  
syrup into the dissolved gelatin. Put the mixer on high  
speed and whip until the mixture is very thick, about 15 min-  
utes. Add the vanilla and mix thoroughly.

With a sieve, generously dust an 8 x 12-inch non-metal baking  
dish with confectioners' sugar. Pour the marshmallow mixture  
into the pan, smooth the top and dust with more confection-  
ers' sugar. Allow to stand uncovered overnight until it dries  
out.

Turn the marshmallows onto a board and cut them in  
squares. dust them with more confectioners' sugar.

Yield: 20 to 40 marshmallows, depending on cut size

## Quilting

Day to Day

By Ruth Y. Nott

Sometimes simple, sometimes complex,  
Life goes from woof to weave.  
Sometimes scrappy, sometimes precise  
Are the patterns we conceive.  
But when our days pucker and pull  
And all come apart at the seams,  
And we don't quite know what happened,  
And don't know what it all means,  
Just ask the Teacher for His advice  
And quickly you will find  
Its all sorted out in perfect order  
On the tabletop of your mind.  
Your colors will brighten and always hold true  
When they shine in His light from above.  
Your seams will be straight and  
each block will square  
When they're all sewn together with Love!
